Malina

Pamporovo – BG – 2023

Length	2.124 m	Vehicles	104
Height difference	474 m	Power (kW)	794 kW
Throughput per hour	3.000	Towers	20

LEITNER has completed its ropeway premiere in the well-known ski region of Pamporovo by building the comfortable “Malina” 6-seater chairlift. Guests at this Bulgarian resort can now enjoy agreeable transport on premium EVO chairs and luxury upholstery.

The winter sports area in the Rhodope Mountains offers just under 30 km of slopes catering for all age groups and abilities. The modern system replaces a 3-seater chairlift built in 1986 and offers an impressive capacity of 3,000 passengers per hour over a distance of 2,140 m.
