Height difference	180 m	Power (kW)	662 kW
Throughput per hour	3.000	Towers	7

In Obereggen, around 30 minutes away from Bolzano, the “Reiterjoch” 4-seater chairlift has been replaced by a modern 8-seater chairlift. The ropeway is an important connection between Obereggen and the Pampeago mountain pass.

The stations are designed in elegant Pininfarina style and the seats are equipped for a safe ride with manual locking safety bars and individual footrests.
