Spitzbühel

Seis / Siusi – IT – 2022

Length	1.015 m	Vehicles	50
Height difference	219 m	Power (kW)	441 kW
Throughput per hour	2.400	Towers	8

Europe's largest high alpine pasture, Seiser Alm in the South Tyrolean Dolomites, offers ideal conditions for winter sports enthusiasts. LEITNER replaced the Spitzbühel 2-seater chairlift with a new, modern, 6-seater chairlift which carries its passengers up to the level of the Spitzbühlhütte on the Schlern massif, one of South Tyrol's most famous landmarks.

Powered by a LEITNER DirectDrive, the CD6C Spitzbühl ropeway offers skiers weather bubbles and seat heating for more comfort, as well as a shorter journey time.
