HASENKÖPFL

Sexten - Sesto – IT – 2019

Length	1.442 m	Vehicles	80
Height difference	302 m	Power (kW)	679 kW
Throughput per hour	3.600	Towers	13

A new 8-seater chairlift with a Pininfarina station and LEITNER DirectDrive was installed at the Helm ski mountain in the 3 Zinnen Dolomites ski resort. The new “Hasenköpfl” chairlift replaces the dated 3-seater chairlift and transports passengers to the 2,200-metre peak between Versciaco and Sesto.

Set against the incredible backdrop of the Meridiana di Sesto, the world’s largest stone sundial, the chairlift offers a luxurious ride on heated Premium Chairs with weather protection bubbles and a boarding system that is safe for children to use.
