Obertauern – AT – 2018

Length	1.065 m
Height difference	383 m
Throughput per hour	3.630
Vehicles	68 (58/10)
Power (kW)	690 kW
Towers	11

On behalf of Bergbahnen Obertauern, LEITNER ropeways built the new “Plattenkarbahn” ropeway, a Telemix system fitted with Diamond EVO 10-passenger cabins and Premium 8-seater chairs. Particular attention has also been paid to details that contribute to the highly attractive installations.

The chairs and seat benches are upholstered with loden fabrics and thus not only exude a feeling of cosiness but exclusivity, too. In terms of performance, the new ropeway also provides even more momentum on the slopes in Obertauern. Able to transport up to 3,630 people per hour, this facility is a real powerhouse.
