Livinallongo – IT – 2025

Length	1.288 m	Vehicles	55
Height difference	339 m	Power (kW)	794 kW
Throughput per hour	3.400	Towers	10

Since commencing operation in the 2025/26 winter season, the new 10-passenger gondola lift “Lezuo” has noticeably accelerated the flow of visitors to the popular Sellaronda. The ropeway realized by LEITNER links the Passo Pordoi directly to the Val di Fassa, creating a new high-capacity connection in the high Alpine region.

The 10-passenger gondola lift is equipped with the gearless LEITNER DirectDrive and stands out with its quiet, energy-efficient and low-maintenance operation. Able to transport up to 3,400 people per hour, the ropeway is a main contributor to reducing waiting times and spreading passenger flows more evenly. It uses a total of 55
