Karerpass – IT – 2024

Length	677 m	Vehicles	114
Height difference	92 m	Power (kW)	45 kW
Throughput per hour	895	Towers	8

With the new GOLF 1 surface lift at Passo Carezza, Christomannos GmbH has invested in a reliable and high-performance solution for winter sports operations. Completed in 2024, the SL1 lift combines operational efficiency with maximum availability, providing comfortable access to the slopes of the Carezza ski area.

Thanks to proven LEITNER technology and a transport capacity of up to 895 passengers per hour, the installation ensures smooth skier circulation and an enhanced mountain experience.
